# Our Vision

To provide holistic education to bring out the best in a child.

# Our Mission

Our mission is to build a school that takes a holistic approach to learning and involves students in building life skills apart from the primary goal of imparting education. We strive to make every child become a responsible citizen and educate and empower them with the skills necessary to face the real world challenges with confidence and motivation.

## Why Shraddha Children's Academy?

- ❖ A child-centric CBSE educational institution.
- ❖ A secular ethos inculcating liberal values in students.
- ❖ A place where experienced and dedicated teachers impart knowledge and wisdom to every child.
- ❖ A hub that offers avenues for children to discover innate capabilities and spark their latent talents through club activities.
- ❖ A school that facilitates concept clarity through experiential learning.

# Shraddha Little Champs

The Kindergarten Programme at Shraddha is meticulously crafted to empower students as lifelong learners by anchoring the learning experience around their individual needs and interests. Through a student-centered approach, our comprehensive curriculum and theme-oriented teaching seamlessly integrates knowledge for young learners. We employ diverse individual and group activities to create an engaging and a nurturing learning atmosphere. Language arts and numeracy skills are honed through games, songs, creative endeavors, storytelling, role-playing, drawing and painting.

# Future Ready

With a clear understanding of the requirements in the years to come, Shraddha Children's Academy, has in place the eco system to make the children future ready.

## We aim to inculcate in each child:

### Language Skills

The ability to hone the skill to listen, speak, read and write.

### Communication Skills

To develop the ability to comprehend, to analyse and express effectively.

### Confidence

A positive self-image, the ability to articulate thoughts freely and conquer stage fear.

## Academics:

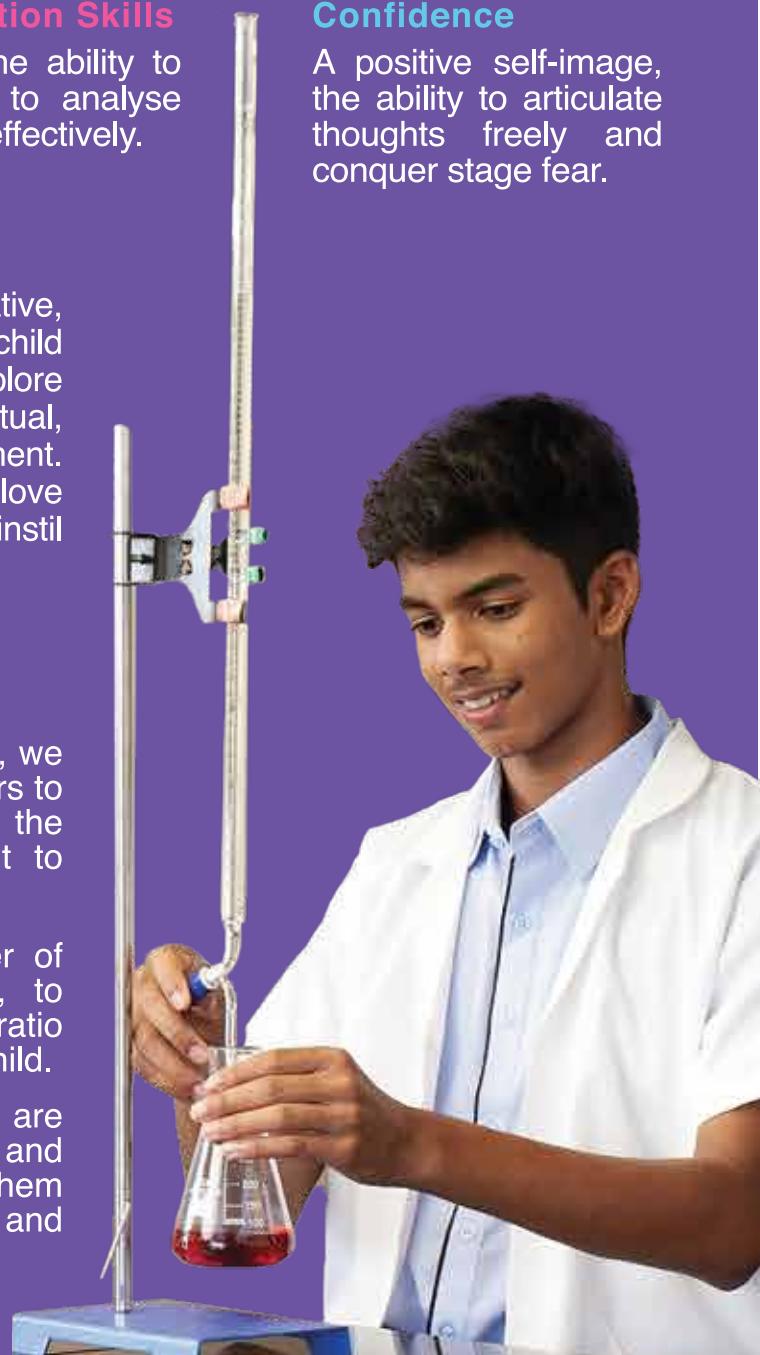

A curriculum that is stimulating and creative, and an environment that is safe and child-centered, we enable the learner to explore multiple dimensions, encompassing intellectual, social, emotional and physical development. A personalised approach helps nurture a love for learning, develop social skills and instil ethics.

## The Right Faculty:

Teachers are facilitators and at Shraddha, we have dedicated and experienced facilitators to instill in children the love for learning, the curiosity to explore and the excitement to discover.

We make sure only a limited number of students are admitted in the class, to facilitate a higher 'teacher-students' ratio which enables a better focus on each child.

Our academic and non-academic staff are facilitated with training programs and workshops at regular intervals, to keep them upto date with the latest teaching trends and methodology.

# Infrastructure

Technology integrated classrooms equipped with interactive panels to provide an enriched learning experience and creates a classroom environment where students with different learning styles can learn from each other.

# After School Activities

An extensive range of sports and non-sporting activities are offered from Monday - Thursday. Our sports facilities include a futsal court, indoor basketball, badminton, tennis and table tennis courts and indoor activities such as archery and karate.

## Library

Our school is equipped with a vibrant learning unit with an open access to the collection, periodicals and hosts the book club. It has a rich blend of literature and technology.

## Community Outreach

In addition to fostering academics, it is crucial for children to become responsible adults. Students are encouraged to prioritise others' interests before their own and engage in selfless service for the wellbeing of those around them.

## Creya STEAM

Creya STEAM Learning & Research (2011) pioneers as the most awarded STEAM learning and Design Studio Program. We inspire our students to become inventors and innovators by working on diverse manipulative projects spanning Robotics, Engineering, Coding, Cameras, and IoT.

# Creative Interests

Students are given the option to explore their interests, select their clubs and create broader perspectives. A diverse mix of clubs such as Literary club, MUN and Debate, Language club, Art, Road Safety Patrol , Interact Club, History Club, TED, Western Dance, Western Music, Theatre, Writers Club and Entrepreneurship Club are offered so that every child finds something that is of interest to him/her.

# Counselling

Counselling at Shraddha Children's Academy is a cornerstone of our commitment to nurturing students' mental and emotional well-being. Our dedicated student counsellors work closely with children and teachers to create a supportive environment where students feel heard, understood and valued.

# School Transport

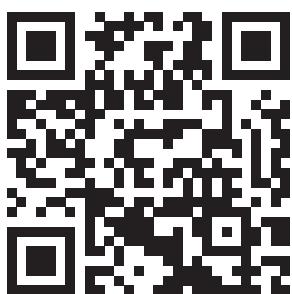

The school provides transport facility. The details of bus routes, pick-up and drop-off points, time schedules, and bus charges will be provided by the school at the time of admission of students.
